## About me

I am a 19 year old first year engineering physics student at Chalmers with a burning passion for learning. Working for you company interest me since I want to begin taking my steps from academia into the industry. I have great curiosity to expand my horizons and understand how my theoretical knowledge of math and physics can be applied to solve real world problems. I am looking for summer work between the weeks of 25 to 33

## Langues

Japanese

German

English

Swedish (Mother tong)

## Education

2024-2030	Engineering physics Currently first year	Chalmers, Gothenburg
2024-2030	High school Natrual sciences, GA in cryptography	Katerdralskolan, Växjö

## Experience

Sum 2024	Warehouse worker - ERT Godis Packed pallets for customer orders. Gave me experience working in a team and taking personal responsibility	Växjö
Spr 2023	Mentorship Mathematics - Intize Remote volunteer work as math tutor for children with special talents. Gave me experience explaining complex ideas.	Remote

## Awards

2024	Spendium Japanese
2024	Spendium Math
2024	Berselius dagarna
2022	Lise Meitner dagarna
2019	First Lego Leauge

## Skills

I can use the software expected of me for general work (MS Office). I also have a deep understanding of programming and code, but mostly from a hobby perspective. I am looking to take a step into the industry to expand and improve my portfolio.

- Java
- Python (Numpy, Matplotlib)
- MS Office
- Latex

## Other information

Certificate

- Japanese
- Driving license (B-Körkort)
